FOR THE WORLD YOU WANT TO SEE

Together, we champion God's plan
for a better world in everything we do:
our faith, our prayers, our relationships,
our giving, and our actions.

**YOUR
SUPPORT
HELPS
BRING REAL
CHANGE
FOR PEOPLE
LIVING IN
POVERTY,
WHERE THE
NEED IS
GREATEST.**

AID

RENEWAL

We want to see renewal—for families, communities, and the land that nourishes them. Together we help people care for the environment and manage resources sustainably in a changing climate. We provide agricultural training, so families can use the gifts of the land to grow their own food and create an income.

AS A

AID

GENEROSITY

A movement of generous people can change lives around the world. Together we provide food relief and personal support in times of disaster. We support maternal healthcare so mothers and newborns are cared for. And we give to where the need is greatest, so all can enjoy fullness of life as God intends.

JUSTICE

Vulnerable people deserve the same rights as everyone else. Together we help keep children safe by strengthening child protection networks that build resilience. We ensure inclusion, education and training for people living with a disability. We stand with women, helping them establish savings groups to fund family livelihoods and community enterprises.

HOPE

In dark times, we can offer hope for the better. Together we provide resources for displaced children so they can go to school and play in safe places. We help vulnerable communities navigate the devastating impacts of COVID-19. We increase community preparedness—equipping them in case disaster hits again, and helping them look forward to a better future.
