

A LETTER FROM NEPAL

KHUSNAJ
WITH HER MUM
AND BROTHER

Hi. I'm Khusnaj!

I'm 10 years old and live in Nepal with my mum, dad and my two little brothers. My grandparents live with us too and help out when my dad has to go away to find work.

I love going to Child Club and writing letters like this one to my Sponsor.

Right now, I'm really excited about my new school!

In my village, lots of girls only go to school until Year Five, but my mum says that education is just as important for girls as for boys. She didn't get to go to school like I do, so I come home and tell her all I've learned from my teachers.

One day, I'm going to be a teacher too.

From your friend Khusnaj
