

CELEBRATING
FIFTY YEARS OF
CHILD SPONSORSHIP

SARIN MAKES A DIFFERENCE!

HELLO! I'M SARIN AND I'M 11-YEARS-OLD

I live in Cambodia with my mum, dad and little brother. My parents are farmers and work hard growing vegetables to eat and sell. When I'm not at school, I help by gathering firewood, picking vegetables, helping cook dinner and washing up. I also help my little brother with his homework.

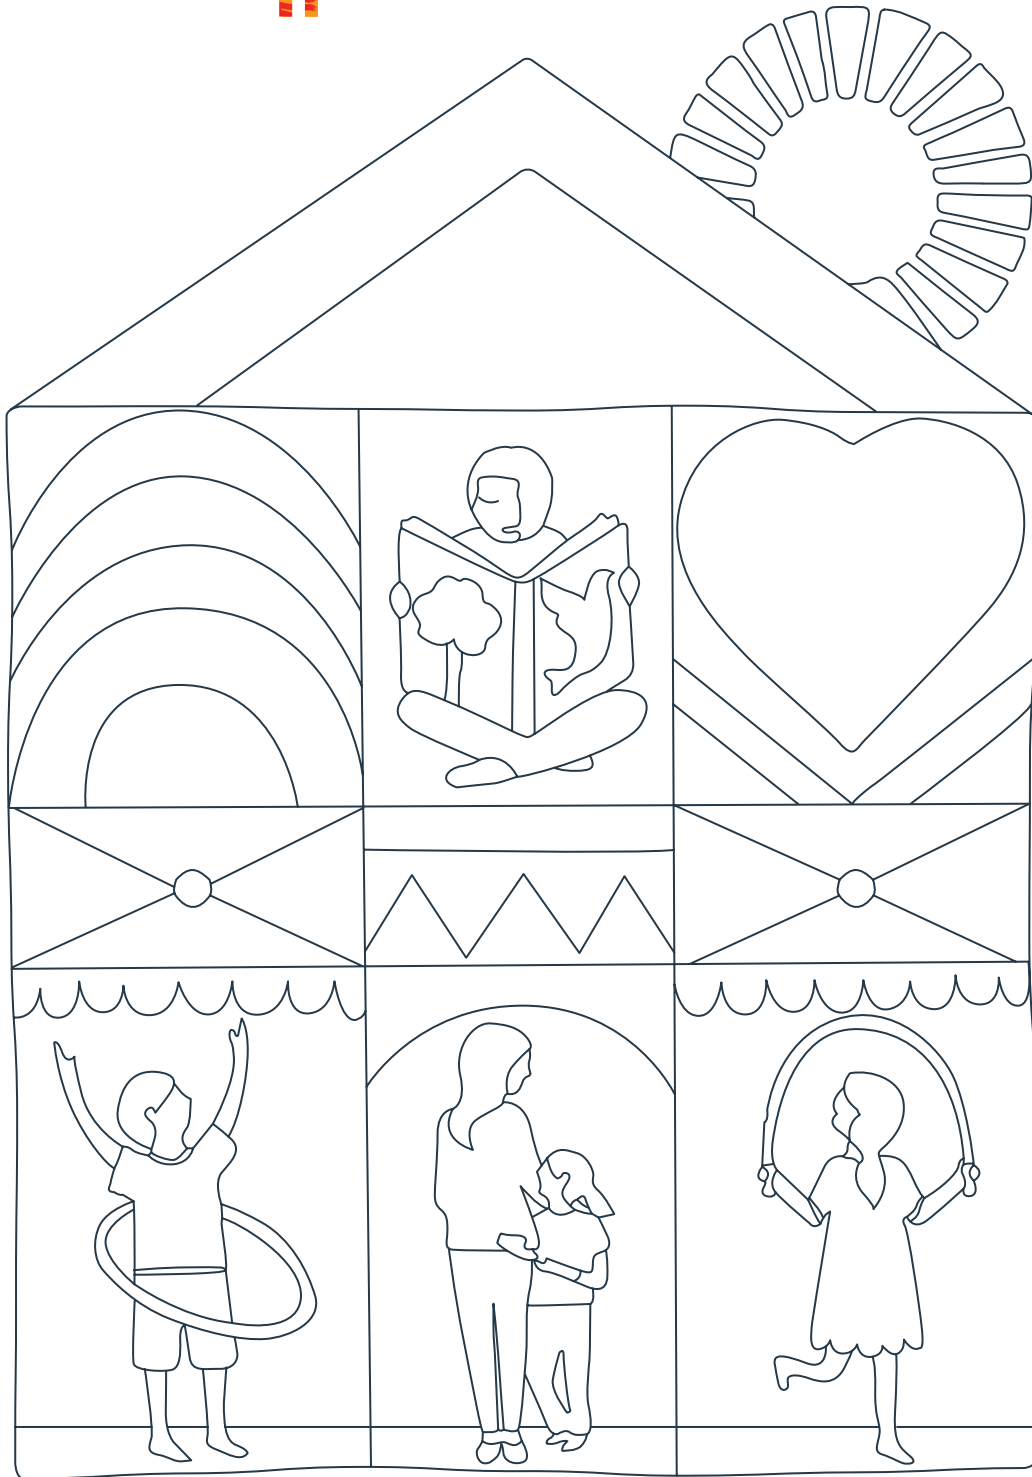

And I go to Child Club, where I learn about children's rights, play games, and make crafts (my favourite!) At Child Club, I also learned that it's important to wash my hands to get rid of germs. Now my whole family stays healthy.

Child Sponsorship means Sarin can go to Child Club and her family and community can access the support needed to thrive.
