**WHOLE COMMUNITY
TRANSFORMATION**

333 million children around the world live in extreme poverty.

But did you know that every Sponsorship helps around 35 people to live free from poverty?* When you support a child, you're supporting them, their family, and their community. Your gift multiplies, creating intergenerational change that fights the injustice of poverty.

Will you add your support? **We need 500 new Sponsors this year to grow our impact** and see thousands more young people living life to the full—just as God intends.

Be a positive part of the equation and multiply your impact.
