

Disaster Action Fund – Venezuela Earthquakes Bulletin Notice

Baptist Response: Venezuela Earthquakes

Two devastating earthquakes have struck northern Venezuela, causing widespread destruction as the number of deaths continues to climb significantly. People are now homeless and urgently need aid.

Baptist World Aid is working with local Baptist Partners in the region to provide emergency relief. Your gift could help provide families with food, blankets and hygiene kits, so they can survive and recover.

You can give here: **bwaa.co/venezuela**

Please pray for churches as they respond to people's needs, for strength and protection for emergency workers, and for comfort, healing and provision for affected families.
