

Leaders ...

INSTRUCTIONS:

Print this sheet, in colour if possible, and cut around the nine puzzle pieces. Create enough puzzles so each child in your group can build their own in the coming weeks. As you look at a story each week, children can take home the piece that corresponds with the quality of Christ-like leadership on display in that story. Encourage them to reflect on that quality during the course of the week. And on completion, they'll have built the heart of a leader.

..... *Have fun!*
